

Bottisham Medical Practice COVID-19 Vaccination programme – update

Over the last four months we have vaccinated thousands of patients and are so grateful to all of our staff and local volunteers whose hard work, support and dedication has enabled us to help deliver the vaccine to our patients who are most at risk of Covid-19.

The vaccine programme is now entering Phase 2 which will focus on cohorts 10 -12 (ages 18 – 49). Whilst we will continue to provide second doses to our patients who received their first dose through the practice, we have taken the decision to opt out of offering vaccination services for Phase 2 cohorts to enable us to focus on our day-to-day GP services.

Patients in cohorts 10 – 12 (ages 18-49) will be invited for their vaccine via a text or letter from the National Booking Service and will be able to book an appointment online via nhs.uk/covidvaccination or by calling 119 at one of the local Vaccination Centres, which includes Newmarket Racecourse and the Grafton Centre.

Patients awaiting their second doses are asked not to contact the practice – we will contact you when it is the right time to book your appointment.

Any patient in cohort 1-9 who has not yet received their vaccine can also still book online via nhs.uk/covidvaccination or by calling 119.

Whether you have had the vaccine or not, please continue to follow all the guidance in place to control the virus and save lives.
