Planning

20/01508/TRE

Proposal: T1 Walnut – Fell as the tree looked poor in the summer, with smaller than average leaf size, very thin crown and areas of hollow sounding bark

54-56 Mill Road, Lode, Cambridge CB25 9EN

Application approved 10 December 2020

Footpaths

Agenda item 10: Copy of comment to CCC regarding diversion of Lode Footpath 7 in letter dated 21 September 2020:

“Representations have been made in the past that the section of the path from point F to K on the plan was not accessible to the public as the woodland area had been fenced off without permission. The Council does not accept that the deviation is necessary and it is a

significant part of the amenity that the path goes through rather around the woodland, a feature relatively rare in this part of the world. I understand that these points were conveyed to the Council by Alison Williamson who contacted the Parish Council earlier in the year.

This letter represents Lode Parish Council's formal objection to the making of this Order."
