Damage to Longmeadow Bus Shelter

Contact has been made several times with the firm who said they would quote but the figure is still awaited. Another company has failed to respond and others asked informally were not interested

Damage to Lode Crossroads Bus Shelter

The person responsible in ECDC has now left. I have had an email from the person now in charge and have left a message for him to call me. I am hopeful that this will lead to a resolution as he has been helpful over other matters in the past

Grasscutting and Grounds Maintenance

Quotation now received from ECDC, as discussed informally. They have done an emergency cut to the recreation ground to ensure it is fit for the cricket match on 7 May

Local Highways Improvement Fund

The decision of the Highways and Transport Committee have been announced today and Lode's bid has been successful having achieved the second highest score in the District

Tree survey

A formal quotation has been received from Eastern Tree Surgery to undertake the survey of trees on land for which the PC is responsible. This is inline with the figure previously agreed with the exception of the cost for OS mapping which is calculated on the area being surveyed
